# WINNERS CHOICE

**A FATEFUL FISHING TRIP** to the Sierra Nevada Mountains in the early 70's changed Bill Minor's life forever. His discovery - at 7,600 feet in a vegetable garden behind a rancher's old cabin - may change the way you feed your horses forever. The vegetables in the rancher's garden were much too big and beautiful for the high dry, alkaline soil in which they grew. "How did you get them to grow like this?" Bill asked the rancher. He smiled and replied, "I'm using my mineral." Immediately, Minor flew researchers to the site of the rare volcanic deposit to begin taking core samples for atomic spectral analysis at a Washington University. Results left doctors shaking their heads over the purity of the minerals and utter absence of heavy metals which could be toxic to livestock. And what of the rats and mice that ate these minerals during testing? They got fat and shiny.

After 60 days of regular use, if you are not satisfied, send us your empty pail and we'll refund the cost minus freight

**94% of Winner's Choice** mineral supplement can be absorbed into your horse's system compared with only 30% to 50% of the competition, because of the pure natural state of Winner's Choice minerals. Winner's Choice increases the absorption of nutrients from hay and grain and lowers your overall feed bill.

## VITAMIN / MINERAL SUPPLEMENT

Bill Minor, founder of Winner's Choice Mineral / Vitamin supplement.

10 lb. pail.....\$29.95  
40 lb. pail.....\$98.50  
Feed only two ounces per horse per day.

**DRIVER RAILS SAINTS HARNESS HAZARD**
